

Key Instant Recall Facts

Year Three – Summer 2

I know the multiplication facts for the 3 times table.

I can recall facts about measure.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

<u>Count in 3s</u> 0 3 6 9 12 15 18 21 24 27 30 33 36	<u>Multiplication Facts</u> $0 \times 3 = 0$ $1 \times 3 = 3$ $2 \times 3 = 6$ $3 \times 3 = 9$ $4 \times 3 = 12$ $5 \times 3 = 15$ $6 \times 3 = 18$ $7 \times 3 = 21$ $8 \times 3 = 24$ $9 \times 3 = 27$ $10 \times 3 = 30$	<u>Key vocabulary</u> What is 3 times 3? What is 8 multiplied by 3? What is the product of 9 and 3? What is $21 \div 7 =$ $8 = 24 \div y$
<u>Measure Facts:</u> There are 100 cm in 1 m. There are 10 mm in 1 cm. There are 1000 m in a km. There are 1000 g in a kg. There are 1000 ml in 1l. There are 60 seconds in a minute. There are 60 minutes in an hour. There are 7 days in a week. There are 12 months in a year. There are 365 days in a year (not leap where there are 366.) There are 100 pennies in a pound.		

Top Tips

The secret to success and putting these in your long term memory is working hard. To help do this, practise little and often. Use little moments of time. Practise these KIRFs while walking to school or during a car journey for example.

You don't need to practise them all at once: perhaps you could start with one particular times table fact and ensure they know that one before moving onto another times table.

– You can buy Times Tables CDs or find multiplication songs and chants online. If your child creates their own song, this can make the times tables even more memorable. <http://www.conkermaths.org/cmweb.nsf/products/conkerkirfs.html>
